## LION'S GATE MEDICAL ROLE

Sanober Syed is the founder of Lion's Gate Medical where she represents Landlords, Tenants and Investors in sale and commercial lease transactions. The purpose of Lion's Gate Medical is to create spaces that promote healing and success.

Sanober believes that success is largely attributed to a results-driven work ethic and continually strives to gain first-in-class market knowledge to negotiate the most robust transactions on behalf of her clients. She recognizes this and customer service as two of the most important pieces a broker must deliver to the client to achieve the best results. Sanober works hard to identify client objectives, set aggressive goals and take actions that lead to elevated customer satisfaction.

## CAREER HIGHLIGHTS

Prior to founding Lion's Gate Medical, Sanober was the managing partner at Landry Commercial Medical, a Principal at a KOA Partners, and Senior Vice President at Hudson Peters Commercial where she successfully sold and leased multiple office and medical office properties.

Before joining Hudson Peters Commercial, she was Trammell Crow's Director of Strategic Services for Baylor Healthcare System. In addition, she evaluated medical office buildings for acquisitions for Partners Health Trust, a Trammell Crow Company fund.

Ms. Syed began her career as an analyst at JP Morgan Chase.
